

DS3 R3 Water Radiator

We changed the way of supplying the DS3R3 water radiator. This involved a modification of this part and change the way of assembling.

However, the good performance of the car is not impacted by this modification.

Only, the new part number 0B1264712A is now available.

It must be fitted with the lower bracket part number 2K3D64711A and the bumper bracket part number 3R1A64713B.

To ensure the transition, until September,30 th 2011, the two new brackets will be provided for free with the new water radiator by ordering the following part number:

0B1264712A-TR

This offer is only available for each kit DS3 R3 delivered before May 2011, the 31st, in the limit of one radiator for one kit.

The discount will be granted with vouchers valid on our website.
